Dear Ms. Schwartz:

I get a pacer notification that something has been filed but I don't get the actual whole filing: sometimes I can only see the first few sentences. Pretty please could I ask that you kindly email if possible?

I will submit my request for ECF access this week (hopefully tomorrow.)

best,
Miss Price

OK, if you are receiving the Court's orders via Pacer then we will not need to mail you anything. If we need to get in touch, we will email you.

Dear Ms. Schwartz:

My mailing address is:
534 w 187th st
apt #7
NY NY 10033

HOWEVER I will not be living at this address during social-distancing b/c the building is an old SRO and sharing a bathroom with the other FIVE people on my floor is not ideal for a 9/11 survivor like me who has precarious respiratory capabilities.

Please could I ask you to kindly email me all copies of mailings?

I do get a PACER alert already whenever the docket is activated so I did get Judge Failla's message about the cancellation of the March 26 pre-trial conference.

I'll be making several filings this week.

best, Miss Price
